OILFAST ARE COMMITTED TO A MORE SUSTAINABLE FUTURE, OFFERING CLEANER FUEL ALTERNATIVES AND COLLABORATING CLOSELY WITH OUR CUSTOMERS

Committed to a sustainable future

At Oilfast, we are passionately dedicated to forging a sustainable future for Scotland and beyond. We deeply understand our pivotal role in minimising our environmental footprint and propelling the UK's ambitious journey towards net zero. We are dedicated to providing our customers with cleaner energy solutions. Actions truly speak louder than words, and at Oilfast, we embody our commitment to sustainability in everything we do. In order to continue our progress to achieving Net Zero, we have a carbon reduction plan in place.

We take the environment seriously

As a fuel supplier, we recognize that our operations can negatively impact the planet. Therefore, we are dedicated to finding ways to minimize that impact across all levels of our organization. We consistently evaluate the latest advancements in sustainable fuels and lubricants to ensure that we provide our customers with the most current and environmentally friendly solutions. We are committed to continuously improving our environmental performance and reducing our carbon footprint to make a positive difference.

Fuelling Greener Futures Together

Environment

- ✓ We continuously reduce our GHG Emissions in both scopes 1 and 2 each year.
- ✓ We are now fuelling some of our fleets within the Group with HVO fuel. Modernisation of tanker fleet with Euro 6 engines delivering lower emissions and fuel efficiency.

Social

- ✓ We provide local jobs, skills and training.
- ✓ We strive to positively impact our local communities by supporting local causes.
- ✓ Through donations and fundraising we work to make our communities a welcoming and supportive.

Governance

- ✓ We adhere to all applicable regulations.
- ✓ Prioritise the health, safety, and wellbeing of everyone.
- ✓ We use quality management systems to maintain high standards in our operations.
- ✓ IT and cyber security standards are adhered to in compliance with GDPR.

Working Responsibly

Health & Safety

As a premier distributor of fuels and lubricants, we genuinely prioritise a robust health and safety culture. Our unwavering commitment lies in delivering energy responsibly while ensuring a secure and thriving environment for our valued colleagues, contractors, and the communities we serve.

Accreditations

At the heart of our operations is a deep commitment to the safety and well-being of our customers, staff, and the environment. We understand how important these factors are to you, and we strive to reflect that in everything we do. Our dedication to quality is not just a standard; it's a promise. We uphold this promise through reliable management systems and trusted accreditations.
